## Lifelike Sound. Always with You

Connect deeply with the true essence of sound. Vivid and clear piano tones are just the tip of the iceberg.

Rejoice in the vivid tones of the AiX Sound Source and delight in expressive, high-resolution voices as they shine through Casio's new and unique acoustic system, ensuring you experience a fresh, powerful sound that will never fail to enhance your creativity.

Who would have thought that such a compact design could produce this level of luscious timbre and true-to-life sound?

Experience music in your way in the comfort of your room.

## Your Keys to Creativity

The CT-S400 – more than your average keyboard. It's your companion for learning, exploration and creativity.

Enjoy the flexibility of switching up your playing as you improve. The keyboard evolves along with your style.

Practice and play along with your favorite music or automatic accompaniment. Connect with an app or external device. Your experience is limited only by your imagination.

With everything for everyone, it doesn't matter what level you're at – the CT-S400 will unlock a new creative you.

### Unique AiX Sound Source

#### 600 tones and 200 rhythms at your fingertips

No excuses for boredom – the CT-S400 is all about variety with 200 built-in rhythm patterns for automatic accompaniment and the AiX Sound Source delivering 600 true-to-life instrument sounds.

### Horizontal Bass Reflex System

Expect the unexpected – behind the compact frame lies a powerful and clear sound thanks to the new bass-reflex mechanism, bringing out the potential of each single tone.

### Surround

You can enjoy expanding your acoustic experience through its sleek body whenever you play or listen to your favorite music.

### Touch Response

As responsive to touch as a piano, the keys absorb your emotion and articulate it perfectly.

### My Setup

You can save various music instrument settings, including tones, rhythm, tuning, and Touch Response, and easily access them by registering settings to match your or your family's favorite songs.

### Simple user interface

Intuitive operation through a simple interface with the essential buttons, an easy-to-see full-dot LCD screen and dial that allows you to select tones and music easily. You can also customize the home screen to display frequently used functions.

### Pitch Bend Wheel

Utilize the Pitch Bend Wheel to enjoy smooth pitch changes with whatever instrument sound you're using.

### Portability

Perform anytime and anywhere you like – conveniently sized to be easily portable, the CT-S400 can be powered by batteries, making playing stress-free and enjoyable, just as music should be.

### Chordana Play app

Practice your favorite songs anytime and anywhere. Choose from the 50 built-in demo songs, or use the downloaded MIDI files to expand your playing repertoire. Once you're finished, check your progress with the Chordana Play app.

### Bluetooth® MIDI/Audio

Install the WU-BT10 Wireless MIDI & Audio Adaptor (sold separately) and use your smart device to play your music through the CT-S400 speaker system. The adaptor also enables you to connect to Chordana Play and other MIDI-compatible apps and devices.
